Learning Opportunity

Target Audience: K-6 teachers, educational assistants and administrators are encouraged to attend.

With Gizmos, educators can take advantage of research-proven instructional strategies to help students of all ability levels develop conceptual understanding in math. Investigate how educators can supplement and enhance instruction with powerful interactive visualizations of concepts while adapting and modifying lesson materials for all learners to support Individual Learning Plans.

Participants will:

- Navigate Gizmos resources
- Customize their Teacher Homepage
- Explore teaching strategies using Gizmos
- Customize differentiated lessons using Gizmos

Presenters

Lindsay Beaulieu

has taught in Alberta for the past 10 years and has witnessed the impact of Gizmos for student understanding in math and science. Lindsay has been using Gizmos in the classroom since she first began teaching a decade ago. Lindsay joined ExploreLearning this year as an Implementation Coordinator to support teachers in the province of Alberta. She is excited to work with teachers, administrators, and school divisions to provide meaningful professional development for educators in Alberta.
