Learning Opportunity

Target audience: Gr. 4-12 Teachers of FSL and French Immersion are encouraged to attend.

The French language is, in fact, more than it's cracked up to be! It's full of cool phenomena, boggling coincidences, historical intrigues, quirky sounds and grammar twists that can astound any learner. But don't despair, rejoice! In this session, come learn a ton of fun-filled facts and hacks about the French language that should be taught and enjoyed in every French classroom. Not only are these language tid-bits simply interesting, but they actually make learning and teaching French easier. Even if you've been speaking French since birth, you'll find this one enjoyable!

This session is mostly held in English, but with extensive French examples; participants can communicate in the official language of their choice.

Presenters

Quinton Stotz

Quinton Stotz B.Ed., MA (Applied Linguistics) is a practising FSL and Advanced Placement French teacher in Edmonton, and a research assistant at Concordia University's Applied Linguistics Lab in Montréal. His real-world language experience intersects multiple language families, contexts, competences, and motivations, each of which adds a new dynamic to his teaching. Striving to foster greater capacities to learn and teach languages, Quinton has designed and facilitated professional learning opportunities on a local, provincial and national level since 2014. His professional interests centre on additional language development, research-based language pedagogy, and language teacher

training.

Registration Notes

This session will be recorded and available for 30 days.

All session times are mountain time.
