Program

TARGET AUDIENCE: A workshop geared to K-6 teachers within the first 3 years of teaching, but all are welcome!

This workshop will address how guided reading can provide a deeper experience to your students as readers. It will provide practical advice about how to make time for it in an already busy schedule. Please bring your class lists, any assessment or notes, day/week schedules for the portion of the session that allows the presenter to work with you to generate ideas that you can bring home and back into your classroom to use.

This learning opportunity is being offered through curriculum implementation funding from Alberta Education.
