## Program

TARGET AUDIENCE: GRADES 7-9 FSL TEACHERS

Music connects our students to Francophone culture by giving our learners the opportunity to react and develop their competencies in a variety of ways.

This session will place participants in the role of the learner by discovering and reacting to a variety Francophone music and genres. We will work together to develop students' competencies by using music as a catalyst for appreciating and connecting to Francophone culture

Each participant will leave the session with adaptable documents, strategies, and technological tools.

Venez pour une occasion de bouger, danser, chanter!
