Program

TARGET AUDIENCE: ALL BEGINNING TEACHERS K-12 ARE ENCOURAGED TO ATTEND

Do you want to transform your classroom control by using tools applicable for immediate results? How do we move from theory into practice and effectively manage a classroom? How do we make positive connections with students? Am I following the correct procedures? Is there a formula for good teaching and best practices? How do I ask for help before I am stressed to the max? If you have ever asked even one of these questions or want to improve your classroom management, be ready to make some changes in your teaching procedures and join other teachers who struggle with the same thoughts as yourself. Join us for a session to pack your toolkit with great ideas to "lessen the stressen!"
