Program

TARGET AUDIENCE: High School Teachers, Counselors and Instructional Coaches

For many High School students, the path to successful graduation is not a linear one. The *Supporting High School Completion: A Tool Kit for Success* resource is a support designed for schools working with students at risk of not completing High School.

With tools and processes to support your work, the Tool Kit centers on 4 guiding questions:

1. **Empowerment:** Can the student's choice to stay be empowered? How?
2. **Supported Exit:** How can the student be continually supported if an exit from high school is necessary?
3. **Reconnection:** What steps will help reconnect to the student if they have exited?
4. **Reentry and/or Continued Engagement:** What is the best way to support successful reentry and continued engagement?

Join this 45 minute introductory webinar to receive an overview of the Tool Kit, and to learn how the processes and tools within will assist learning teams in considering and leveraging available resources to remove barriers towards High School completion for vulnerable youth.

Presenters

Krystal Abrahamowicz

is currently the Coordinator of Inclusion for Foundations for the Future Charter Academy. With extensive background and training in gifted education, and many years of experience supporting diverse learners, Krystal is a passionate believer that every student can experience success at school. Krystal has extensive experience with adult professional learning, serving as the Executive Director for the Calgary Regional Consortium (CRC) from 2019 - 2022. During her time with the CRC, she authored the *Supporting High School Completion a Tool Kit for Success* resource and had a key role in developing the Implementation and Planning Tool in the Government of Alberta Resource *Working Together to Support Mental Health in Alberta Schools*, as well as the ARPDC *Weaving Ways* resource which supports teachers in including Indigenous knowledge systems in their practice.

Registration Notes
