### Program

Target Audience: K-6 Teachers and Administrators are encouraged to attend.

How best do we approach assessment **for** and **of** learning within the new K-6 curriculum? What will be assessed? How will assessments inform our next steps? How will we design learning and assessments to support students to demonstrate their understanding of knowledge and their application of skills and procedures?

Supported by details provided by Alberta Education, this 2 – part assessment series will look at WHAT needs to be assessed and HOW teachers will assess the new Alberta K – 3 English Language Arts & Literature, K – 3 Mathematics and K – 6 Physical Education and Wellness curriculum. Walk away with some practical examples, tools and strategies for your toolbox, and feel ready to support student learning in your classroom or school today and into the future.
