About the Session

Target Audience: K-6 teachers are encouraged to attend.

Every class holds a diverse range of learners. When you are tasked with meeting the needs of students across more than one grade level, the age range and curricular demands can be an additional challenge. Join us for this one-hour interactive session where we will explore a few key strategies that can help you address multiple learning outcomes, while meeting students where they need to be in the learning. Bring your questions and experiences to share with the group. You'll walk away with resources, connected colleagues and new ideas to add to your already successful approach!
